### Laser Extender

**Product Code: 2343011**  
**Revised Date: 05/02/2006**

### Laser Extender

**Laser Extender** is a liquid additive to be added to laser b and/or laser ex working baths to extend bath life. **Laser Extender** is especially; designed to enhance stability when a working bath experiences long periods of inactivity, such as weekend or holiday shutdowns. **Laser Extender** may be used whenever excessive peroxide losses are noticed. It may be used without fear of slowing reaction rates significantly.

**Laser Extender** would normally be added on the basis of 1-3% by volume of the total bath volume. Add **Laser Extender** after production has ceased and as the bath is cooling.

### SAFETY REGULATIONS

Care should be taken to protect eyes, skin, etc. Protective clothing is a must.
